WHOLESALE PRICE-LIST

OF THE

HOOKER NURSERIES.

ESTABLISHED 1835.

H. E. HOOKER CO., PROPRIETORS,

ROCHESTER, N. Y.

OFFICE, 100 PARK AVENUE.

Park Avenue Cars pass the Door.

Dealers are invited to call and examine our facilities for packing and shipping retail orders, which we are prepared to do at the lowest rates.

We take special care in filling orders, not only to have the stock fully up to grade, but as far as possible, of a uniform size and appearance.

TO CORRESPONDENTS.

We invite those who have large orders to give, or who wish to buy special varieties or sizes not enumerated in this list to write us, and promise the best terms the nature of their order and the current price of the stock will permit.

We make no charge for packing in cars.

Persons ordering are requested to give full shipping directions. Our responsibility ceases when the packages are delivered to the forwarders.

If any error should occur, claim for the same must be made immediately after the arrival of the goods in the hands of the purchaser.

We expect to conform to the wishes of our customers in the selection of varieties, and will not deviate from instructions unless by special permission.

Persons intending to order are requested to do so as early as convenient, as the period is short during which we can depend upon filling orders at wholesale rates.

We usually commence digging in the Fall by the last week in September, and in the Spring by the first week in April.

Orders for early spring shipment are dug late in the fall and carried over winter in cellar. We can thus ship at any desired date, without regard to whether the ground out of doors is open or not.

FRUIT DEPARTMENT.

The following items of Nursery Stock are offered to the trade at WHOLESALE, for CASH, or by special agreement, upon such terms as will accommodate the business of Nurserymen and Dealers. The prices named are for the *Trees*—the cost of boxes to be added. No charge is made for cartage.

Prices on long lists of varieties in small quantities of each sort, and on new or very scarce varieties, are liable to variation. Special rates on varieties of which there is an overstock.

(ALL GROWN UPON THEIR OWN ROOTS.)

We have continued our extensive propagation of ROSES ON THEIR OWN ROOTS and are constantly adding to our list. We claim to have one of the largest as well as best grown and best selected stocks of Roses in the country.

In the following lists a complete classification has not been attempted, but for convenience of reference we have divided them as seen below. The list of varieties given does not include our whole collection; some of the new sorts, and old ones very difficult to grow or very scarce, are held at prices to be had on application.

SURPLUS AND SPECIALTIES.

STANDARD AND DWARF PEAR TREES.

The attention of Nurserymen, Dealers and Planters is called to our fine stock of Standard and Dwarf Pear Trees, which we offer in quantities to suit purchasers at the lowest market rates.

CHERRIES.

We have a good stock of two-year Sweet and Sour Cherries which escaped injury from the aphis last year, and are very fine.

CURRANTS.

Cherry, La Versailles, Victoria, and White Grape. Extra strong and pure stock, from our stool plants. We must sell them at the going rates, although they are worth more money to either the dealer or planter.

Fay's Prolific—2 yr.—A large stock of unusually strong plants at lowest prices.

GOOSEBERRIES.

Downing, Smith's Improved and Houghton.—Our usual fine stock.

GRAPE VINES.

Niagara.—*Extra strong.* 2 yr. Large stock at lowest prices. Also one-year vines for vineyard planting.

Empire State.—2 yr. Extra size vines of this excellent and popular sort; large lot. Also 1 yr. in quantity.

This has been a very favorable season for the growth of grape vines, and we offer a full stock of the leading varieties, graded in our usual careful manner, long tops and roots, for *Dealers' Trade.* Also the lighter grades for vineyards.

CLEMATIS.

Jackmanni and **Henryii.**—We offer an exceptionally fine lot of strong one-year plants of these, best purple and white. We believe they are nearly as strong as imported two-year plants.
